CLARKSON COLLEGE

Health and Safety Information

Purpose:

Students at Clarkson College are in health care careers. They will be exposed to conditions of high risk and must be protected. Patients must also be protected against potential health risks from the provider. Students must have the ability to respond quickly in emergency situations.

Instructions:

All Clarkson College **on campus** students must complete specific health and safety requirements according to program requirements. The programs included are: Bachelor of Science in Nursing, Practical Nursing, Radiologic Technology, 3 Year Radiologic Technology and Medical Imaging, Physical Therapist Assistant, Health Care Business Management, Health Information Management Programs, Undecided, and Non-Degree.

On campus requirements **must** be submitted before students are allowed to register for classes. **Please refer to the graph below according to program requirements.**

- Complete and return required Clarkson College Health and Safety Forms.
- Provide a front and back copy of your current insurance card.
- Provide copies of immunization records.
- Have the first Hepatitis "B" shot completed and current within the three shot series, **OR** completed the series and the reactive titer. **Please Note:** Clarkson College policy states that if the Hepatitis B Titer is non-reactive, the student must receive a second series of Hepatitis B immunizations followed by another titer. If the second titer is non-reactive, no further immunizations are required but a core antibody for Hepatitis B must be completed or documentation that no further Hepatitis B testing is required from primary health care provider.
- Students entering programs requiring clinical requirements must be BLS certified. A copy of your current Basic Life Support Card is required prior to the beginning of the term. Only the ***American Heart Association Basic Life Support of the Healthcare Provider*** will be accepted. This may be completed at Clarkson College. To register contact the Registration Desk at (402) 552-3396 or Liz Svatos BLS Coordinator at (402) 552-3038. The AHA-BLS for Health Care Providers (CPR) Class Schedule is available on our website under Professional Development Opportunities from the Jump to box at www.clarksoncollege.edu

Remember to make copies of all information for your records, prior to mailing!

Questions:

Contact the Office of Enrollment Services at 1-800-647-5500 or locally at (402) 552-3100.

Return the complete forms to: Office of Enrollment Services
101 South 42nd Street
Omaha, NE 68131
