

Bachelor of Science Degree in Psychology

NCC to Clarkson College Option

Effective Fall 2026

Clarkson College has a signed articulation agreement with Northeast Community College (NCC). Students who complete an approved associate degree at NCC are guaranteed general admission into a corresponding baccalaureate degree program at Clarkson College.

By completing the Associate of Arts in Psychology (AA) students transfer 60 semester hours as a direct transfer package into the Bachelor of Science in Psychology degree at Clarkson College. The following degree plan outlines the courses needed to complete this degree. The Bachelor of Science in Psychology degree may be completed in as little as four semesters.

Direct transfer package granted for completion of AA in Psychology: 60 semester hours

If a student receives transfer credit for a general or major course as part of their AA degree from NCC, additional general or major courses are substituted to maintain 120 total semester hours for program completion.

Core Courses 9 semester hours

Must be taken at Clarkson College

COURSE	COURSE TITLE	HOURS	INSTITUTION	SEMESTER COMPLETED	GRADE
