

Professional Association Membership

Policy

Residents are required to become Student Associate Members of the American Association of Nurse Anesthesiology (AANA). Membership fees are paid by the program. Eligibility as a Student Associate Member is not continued beyond passing the first National Certification Examination.

Privileges

Associate membership shall provide: (a) subscriptions to the Association's publications, (b) a card designating Associate membership, (c) the privilege of attending meetings as a nonvoting participant, and (d) the privilege of being elected/appointed to serve on specified committees, (e) participate in student mentoring program. Associate membership in the American Association of Nurse Anesthesiology also provides associate membership to the Nebraska Association of Nurse Anesthetists.
