### FAMILY NURSE PRACTITIONER CLINICAL ROTATION INFORMATION

---

- **You will NOT engage in hands-on care during observation hours.**
  - Must be logged in TYPHON just like primary and specialty hours. Observation preceptors are not automatically added to TYPHON; you will need to submit a REQUEST ADDITION of the observation preceptor OR contact your advisor to request the addition.
8. Because this program is not an Acute Care NP program, no hours should be spent with a hospitalist.
  9. You must have an agreement for ALL providers with whom you see patients, including partners in a practice.
  10. You must fill out a new Nurse Practitioner Clinical/Practicum Site & Preceptor Agreement Form for every preceptor, every course, and every semester. **This is required even when you use preceptor and facility more than once.**

#### Additional Guidelines

- **You may work with no more than two preceptors for a clinical course. If you wish to (or need to) work with more than 2 preceptors, you will need written approval from your course faculty.**
- For NS 842, Students may use a certified nurse midwife (CNM) for NS 842 however the **CNM must see 50% GYN-not only pregnant patients.**
- **50% of the required clinical hours must be completed at midterm in order to receive a passing grade at midterm**

#### Required Clinical Experiences

All required clinical experiences (e.g., care of a patient with type 2 diabetes, care of a patient with GERD, etc.) must be documented in Typhon for you to receive credit.

#### DocuSign Process

<u>Step</u>	<u>Responsible Party</u>	<u>Action</u>
1	Student	<p>Student initiates the Nurse Practitioner Clinical/Practicum Site &amp; Preceptor Agreement Form.</p> <p>Note: The only exceptions <u>considered</u> are for students who submit placement requests in My Clinical Exchange or for unavoidable preceptor changes, such as the preceptor declining to have the student follow him/her.</p>
2	Compliance Department	<p>Completes the DocuSign agreement and sends the document back to the student to upload into the clinical course.</p> <p>Note: If the document is not complete by the end of the first week, <b><u>the student is responsible for speaking with course faculty</u></b> regarding options for remaining in the course or withdrawing from the course.</p>

NOTE: Preceptor and clinical sites will not be added into Typhon without DocuSign paperwork being completed.

Upon completion of DocuSign paperwork and the start of the academic term (semester), you are expected to evenly distribute clinical hours over the course of the semester\*. The exception to this requirement is NS 830; students will not be allowed to begin clinical (practicum) hours until they have successfully completed Graduate Weekend.

**\*DO NOT frontload or backload your clinical hours. If your paperwork is not complete by the start of the semester, you must reach out to course faculty immediately to inform them where you are in the process. If specialty preceptor paperwork is complete by the first day of the course, but primary preceptor paperwork is not, the student will need to contact course faculty.**

If your preceptor has any questions concerning DocuSign please direct them to [willand.ali@clarksoncollege.edu](mailto:willand.ali@clarksoncollege.edu)
