

Clarkson College Meningococcal Meningitis Education Information Form

Dear Student and Parent/Guardian:

Nebraska institutions of post-secondary education that provide on-campus housing for any portion of their student body are mandated by Nebraska law (Information on meningococcal disease; requirements. NE Revised Statute 85-902, 2003), to provide their newly enrolled students and their parent/guardian specified information:

- 1) About the risks associated with meningococcal disease
- 2) About the availability and effectiveness of meningococcal vaccines against the disease
- 3) Recommendation that each student receive appropriate meningococcal vaccination(s)
- 4) Information is also provided about options to assist qualified persons with the cost of vaccinations.

Clarkson College is dedicated to the welfare of their students. We want our students and parents to read and understand the meningococcal meningitis information covered in the links below.

<https://www.cdc.gov/meningococcal/about/index.html> - Centers for Disease Control Meningitis Site

<https://www.cdc.gov/vaccines/hcp/vis/vis-statements/mening.html> - Centers for Disease Control Vaccine Information Statement

The meningococcal immunization is available through public health clinics and private health care providers. The law further requires that each post-secondary educational institutions shall request a confirmation signed by the student and by their parent or guardian if under the age of 19 that this information has been received and reviewed.

Please indicate Yes/No on the lines below for each vaccine that you have reviewed/obtained):

- Meningococcal A/C/W/Y (MCV-4) vaccines • Meningococcal B (Men-B) vaccines
