NP Student Checklist for Clinical Placement

IMPORTANT NOTE: This process should not start until 3-6 months prior to the date that your clinical starts so that agreements and paperwork will not outdate.

All steps need to be repeated every semester. This is to determine if an up to date legal affiliation agreement contract exists between UIHC and your academic institution, or if we need to establish said affiliation agreement contract; and to assure your official admission as an NP student in good standing at your academic institution.

All post-baccalaureate students doing a nurse practitioner clinical rotation must be licensed in Iowa or a compact state where they have residency.

The very first thing that must happen is the clinical instructor MUST email Dr. Montgomery to request student placement at UIHC and to determine if there is an affiliation agreement between your academic institution and UIHC. Then complete the following four step checklist in order to complete your preceptor placement.

1. Have your instructor e-mail Dr. Lou Ann Montgomery (lou-montgomery@uiowa.edu) the information below:
   □ Name of student requesting placement with a preceptor at UIHC
   □ Objectives of the preceptorship
   □ Goals of the preceptorship
   □ Dates of clinical preceptorship (range is adequate)
   □ Number of hours to be spent with each preceptor
   □ Preceptor requirements
   □ Any materials for the preceptor

2. Secure your preceptors. You are responsible for contacting the preceptor(s), and working with them to arrange and schedule all your clinical hours, as well as developing a professional relationship.

3. Once you have secured your preceptor, provide Dr. Maria Lofgren with the following information to complete the addendum contract. An addendum contract requires signatures from senior leaders at UIHC and can take two to three weeks, and must be signed prior to starting clinicals. You will be notified by Becky Hurt (NCEC support staff) once the signatures are obtained.
   □ Student Name
   □ School name and location
   □ School administrative or faculty contact
   □ Type of student nurse practitioner
   □ Preceptorship agreement dates from _________ to __________ (range is adequate)
   □ Number of hours to be spent with each preceptor
   □ UIHC department/division/unit of placement
   □ Name/credentials of clinical preceptor
4. Contact Becky Hurt (becky-hurt@uiowa.edu) and complete all paperwork and provide the following information:

☐ Provide proof of insurance
☐ Provide health screen
☐ Obtain student badge
☐ Schedule orientation, including student Epic classes

Please keep all three of us an all correspondence as each of us provides a different role in setting up your placement. Thank you and we look forward to working with you.

Lou Ann Montgomery, PhD, RN-BC  
Director, Nursing Professional Development, Advanced Practice and Informatics  
Co-Director, Nursing Clinical Education Center  
Department of Nursing Services and Patient Care  
lou-montgomery@uiowa.edu

Maria Lofgren, DNP, ARNP, NNP-BC, CPNP  
Director of Advanced Practice Providers  
University of Iowa Hospitals and Clinics  
Co-Director CREWS, UI Children’s Hospital  
maria-lofgren@uiowa.edu

Becky Hurt  
Secretary, Nursing Clinical Education Center
